Under the terms of this agreement it is understood and agreed that a stud service will be provided by:

DOG: _____ AKC# _____

BITCH: _____ AKC# _____

CERTIFICATION:

This is to certify that the above referenced dog was bred to the above referenced bitch on the following dates: _____ and _____ she will be due to whelp on or about _____

CONDITIONS OF STUD SERVICE

A litter is defined as 2 live puppies at 7 days of age. Stud Service Fee of \$2,000.00 paid as:

- 1 A deposit of \$500.00 Due at breeding or prior to semen shipping.
2. Balance of \$1,500 when litter, as defined above, is produced prior to the signing of litter registration application.

Any additional or veterinary charges are the responsibility of the bitch owner(s) and are due prior to registration application signing. Any shipping charges are the responsibility of the bitch owner(s) and must be arranged prior to shipping of semen. Authorization for incurring additional charges will be obtained, as reasonable, from bitch owner(s) before such charges are incurred.

If the bitch fails to produce a litter, as defined above, and notice is given to Yellow Rose Labradors no later than fourteen (14) days after whelping due date; a return stud service by the same dog, will be provided upon request at the bitch's next heat. Deposit may be applied to an alternative bitch if she meets the requirements below.

Owner(s) of the bitch agree that all puppies going into homes other than their own or other responsible and reputable breeders, will be sold on limited registrations with spay/neuter contracts highly recommended. No puppies will be sold to puppy mills, brokers, pet shops or anyone representing them.

A copy of the bitch's AKC registration, pedigree, OFA hip, OFA elbow, and AVCO/CERF certifications shall be provided before breeding. A copy of the bitch's current (less than one month old) negative Brucellosis shall be provided prior to any natural breeding. RIA-Progesterone testing with values over 5 is recommended to ascertain ovulation. Confirm that your veterinarian can provide adequate turnaround time.

LITTER REGISTRATION

- Please mail a completed AKC litter application form to Yellow Rose Labradors seven days after whelping or complete the AKC online litter registration.

Please include any balance due.

SHIPPING SEMEN:

- All expenses related to collection, including handling and shipping of the fresh-chilled or frozen semen, is the sole responsibility of the owner of the above mentioned bitch. Before the time of semen collection you must have your credit card number on file with Dr. Steve Pirkey of the Sachse Veterinary Hospital (who will be performing the service). You will need to order two ICG Fresh Chilled Semen kits through Dr. Pirkey's office, (972)442-4441, prior to your bitch coming into season. Extended semen available. Dr Pirkey is a Reproduction Specialist. Rio's frozen semen was collected and stored at the Sachse Clinic.
- Additional Reproductive Vet contact information:
Josey Ranch Pet Hospital
Dr. Kirk Esmond... Reproductive Specialist
2150 N. Josey Ln
Carrollton, Tx 75006
(972) 446-9667

For a natural breeding, a negative Brucellosis report, current within 30 days, must accompany the bitch at the time of breeding.

Please arrange to have a shipping account set up with FedEx so that shipping can be charged directly to the buyer, or make arrangements with Sachse Clinic to handle the FedEx expenses for you. RIA-Progesterone testing is required for shipped semen. All semen will be checked for motility prior to shipping.
